Massachusetts List of Endangered, Threatened and Special Concern Species

This is the official list of Endangered, Threatened, and Special Concern species as defined in Section 10.60 of Chapter 321 of the Code of Massachusetts Regulations. The MESA List is prepared under the authority of the Massachusetts Endangered Species Act (MESA). Under this act (MGL c. 131A and its implementing regulations (321 CMR 10.00)), MESA-listed species are protected from "take". Please see the Regulatory Review pages for additional information on MESA.

To access a species fact sheet click on the "Common Name". Please note that some species do not have a fact sheet available at this time. For the most up to date distribution maps please use the Species Viewer and sort by the species common or scientific name.

Vertebrates

Taxonomic Group	Common Name	Scientific Name	MA Status	Fed Status	Notes
Fish	American Brook Lamprey	<i>Lampetra appendix</i>	T		
Fish	Shortnose Sturgeon	<i>Acipenser brevirostrum</i>	E	E	
Fish	Atlantic Sturgeon	<i>Acipenser oxyrinchus</i>	E	T	
Fish	Lake Chub	<i>Couesius plumbeus</i>	E		
Fish	Eastern Silvery Minnow	<i>Hybognathus regius</i>	SC		
Fish	Bridle Shiner	<i>Notropis bifrenatus</i>	SC		
Fish	Northern Redbelly Dace	<i>Phoxinus eos</i>	E		
Fish	Longnose Sucker	<i>Catostomus catostomus</i>	SC		
Fish	Burbot	<i>Lota lota</i>	SC		
Fish	Threespine Stickleback	<i>Gasterosteus aculeatus</i>	T		1
Amphibians	Jefferson Salamander	<i>Ambystoma jeffersonianum</i>	SC		2
Amphibians	Blue-spotted Salamander	<i>Ambystoma laterale</i>	SC		2
Amphibians	Marbled Salamander 1MB	<i>Ambystoma opacum</i>	T		
Amphibians	Eastern Spadefoot	<i>Scaphiopus holbrookii</i>	T		
Reptiles	Loggerhead Seaturtle	<i>Caretta caretta</i>	T	T	
Reptiles	Green Seaturtle	<i>Chelonia mydas</i>	T	T	
Reptiles	Hawksbill Seaturtle	<i>Eretmochelys imbricata</i>	E	E	
Reptiles	Kemp's Ridley Seaturtle	<i>Lepidochelys kempii</i>	E	E	
Reptiles	Leatherback Seaturtle	<i>Demochelys coriacea</i>	E	E	
Reptiles	Wood Turtle	<i>Glyptemys insculpta</i>	SC		
Reptiles	Bog Turtle	<i>Glyptemys muhlenbergii</i>	E	T	
Reptiles	Blanding's Turtle	<i>Emydoidea blandingii</i>	T		
Reptiles	Diamond-backed Terrapin	<i>Malaclemys terrapin</i>	T		
Reptiles	Northern Red-bellied Cooter	<i>Pseudemys rubriventris</i>	E	E	4
Reptiles	Eastern Box Turtle	<i>Terrapene carolina</i>	SC		
Reptiles	Eastern Wormsnake	<i>Carphophis amoenus</i>	T		
Reptiles	Eastern Ratsnake	<i>Pantherophis alleghaniensis</i>	E		
Reptiles	Copperhead	<i>Agkistrodon contortrix</i>	E		
Reptiles	Timber Rattlesnake	<i>Crotalus horridus</i>	E

Butterflies and Moths	Barrens Daggermoth 	<i>Acronicta albarufa</i>	T		
Butterflies and Moths	Drunk Apamea Moth 	<i>Apamea inebriata</i>	SC		
Butterflies and Moths	New Jersey Tea Inchworm 	<i>Apodrepanulatrix liberaria</i>	E		
Butterflies and Moths	Hessel's Hairstreak 	<i>Callophrys hesseli</i>	SC		
Butterflies and Moths	Frosted Elfin 	<i>Callophrys irus</i>	SC		
Butterflies and Moths	Bog Elfin 	<i>Callophrys lanoraieensis</i>	T		
Butterflies and Moths	Gerhard's Underwing 	<i>Catocala herodias gerhardi</i>	SC		
Butterflies and Moths	Precious Underwing Moth 	<i>Catocala pretiosa pretiosa</i>	E		
Butterflies and Moths	Waxed Sallow Moth 	<i>Chaetagnaea cerata</i>	SC		
Butterflies and Moths	Melsheimer's Sack Bearer 	<i>Cicinnus melsheimeri</i>	T		
Butterflies and Moths	Chain Dot Geometer 	<i>Cingilia catenaria</i>	SC		
Butterflies and Moths	Unexpected Cycnia 	<i>Cycnia inopinatus</i>	T		
Butterflies and Moths	The Pink Streak 	<i>Dargida rubripennis</i>	T		
Butterflies and Moths	Three-Lined Angle Moth 	<i>Digrammia eremiata</i>	T		
Butterflies and Moths	Imperial Moth 	<i>Eacles imperialis</i>	T		
Butterflies and Moths	Early Hairstreak 	<i>Erora laeta</i>	T		
Butterflies and Moths	Persius Duskywing 	<i>Erynnis persius persius</i>	E		
Butterflies and Moths	Sandplain Euchlaena 	<i>Euchlaena madusaria</i>	SC		
Butterflies and Moths	Dion Skipper 	<i>Euphyes dion</i>	T		
Butterflies and Moths	Phyllira Tiger Moth 	<i>Grammia phyllira</i>	E		

Butterflies and Moths	Slender Clearwing Sphinx Moth 	<i>Hemaris gracilis</i>	SC		
Butterflies and Moths	Barrens Buckmoth 	<i>Hemileuca maia</i>	SC		
Butterflies and Moths	Sandplain Heterocampa 	<i>Heterocampa varia</i>	T		
Butterflies and Moths	Buchholz's Gray 	<i>Hypomecis buchholzaria</i>	E		
Butterflies and Moths	Pale Green Pinion Moth 	<i>Lithophane viridipallens</i>	SC		
Butterflies and Moths	Twilight Moth 	<i>Lycia rachelae</i>	E		
Butterflies and Moths	Pine Barrens Lycia 	<i>Lycia ypsilon</i>	T		
Butterflies and Moths	Barrens Metarranthus 	<i>Metarranthus apiciaria</i>	E		
Butterflies and Moths	Coastal Swamp Metarranthus 	<i>Metarranthus pilosaria</i>	SC		
Butterflies and Moths	Northern Brocade Moth 	<i>Neoligia semicana</i>	SC		
Butterflies and Moths	Pitcher Plant Borer 	<i>Papaipema appassionata</i>	T		
Butterflies and Moths	Ostrich Fern Borer 	<i>Papaipema</i> sp. 2	SC		5
Butterflies and Moths	Chain Fern Borer 	<i>Papaipema stenocelis</i>	T		
Butterflies and Moths	Water-willow Stem Borer 	<i>Papaipema sulphurata</i>	T		
Butterflies and Moths	Spartina Borer 	<i>Photedes inops</i>	SC		
Butterflies and Moths	Mustard White 	<i>Pieris oleracea</i>	T		
Butterflies and Moths	Pink Sallow Moth 	<i>Psectraglaea carnosia</i>	SC		
Butterflies and Moths	Southern Ptichodis 	<i>Ptichodis bistrigata</i>	T		
Butterflies and Moths	Orange Sallow Moth 	<i>Pyrhia aurantiago</i>	SC		
Butterflies and Moths	Oak Hairstreak 	<i>Satyrrium favonius</i>	SC		
Butterflies and Moths	Pine Barrens Speranza 	<i>Speranza exonerata</i>	SC		
Butterflies and Moths	Faded Gray Geometer 	<i>Stenoporpia polygrammaria</i>	T		
Butterflies and Moths	Dune Noctuid Moth 	<i>Sympistis riparia</i>	SC		
Butterflies and Moths	Pine Barrens Zale 	<i>Zale lunifera</i>	SC		6

Plants

Taxonomic Group	Common Name	Scientific Name	MA Status	Fed Status	Notes
Adiantaceae (Cliff Ferns)	Fragile Rock-brake 	<i>Cryptogramma stelleri</i>	E		

Alismataceae (Arrowheads)	<u>Wapato</u> 	<i>Sagittaria cuneata</i>	T		
Alismataceae (Arrowheads)	<u>Estuary Arrowhead</u> 	<i>Sagittaria montevidensis</i> ssp. <i>spongiosa</i>	E		
Alismataceae (Arrowheads)	<u>Terete Arrowhead</u> 	<i>Sagittaria teres</i>	SC		
Apiaceae (Parsleys, Angelicas)	<u>Hemlock Parsley</u> 	<i>Conioselinum chinense</i>	SC		
Apiaceae (Parsleys, Angelicas)	<u>Saltpond Pennywort</u> 	<i>Hydrocotyle verticillata</i>	T		
Apiaceae (Parsleys, Angelicas)	<u>Canadian Sanicle</u> 	<i>Sanicula canadensis</i>	T		
Apiaceae (Parsleys, Angelicas)	<u>Long-Styled Sanicle</u> 	<i>Sanicula odorata</i>	T		
Aquifoliaceae (Hollies)	<u>Mountain Winterberry</u> 	<i>Ilex montana</i>	E		
Araceae (Arums)	<u>Green Dragon</u> 	<i>Arisaema dracontium</i>	T		
Araceae (Arums)	<u>Golden Club</u> 	<i>Orontium aquaticum</i>	E		
Araliaceae (Ginsengs)	<u>Ginseng</u> 	<i>Panax quinquefolius</i>	SC		
Asclepiadaceae (Milkweeds)	<u>Purple Milkweed</u> 	<i>Asclepias purpurascens</i>	E		
Asclepiadaceae (Milkweeds)	<u>Linear-Leaved Milkweed</u> 	<i>Asclepias verticillata</i>	T		
Aspleniaceae (Spleenworts)	<u>Mountain Spleenwort</u> 	<i>Asplenium montanum</i>	E		
Aspleniaceae (Spleenworts)	<u>Wall-Rue Spleenwort</u> 	<i>Asplenium ruta-muraria</i>	T		
Asteraceae (Asters, Composites)	<u>Lesser Snakeroot</u> 	<i>Ageratina aromatica</i>	E		
Asteraceae (Asters, Composites)	<u>Eaton's Beggar-ticks</u> 	<i>Bidens eatonii</i>	E		
Asteraceae (Asters, Composites)	<u>Estuary Beggar-ticks</u> 	<i>Bidens hyperborea</i>	E		
Asteraceae (Asters, Composites)	<u>Cornel-leaved Aster</u> 	<i>Doellingeria infirma</i>	E		
Asteraceae (Asters, Composites)	<u>New England Boneset</u> 	<i>Eupatorium novae-angliae</i>	E		
Asteraceae (Asters, Composites)	<u>Purple Cudweed</u> 	<i>Gamochaeta purpurea</i>	E		
Asteraceae (Asters, Composites)	<u>New England Blazing Star</u> 	<i>Liatris scariosa</i> var. <i>novae-angliae</i>	SC		
Asteraceae (Asters, Composites)	<u>Lion's Foot</u> 	<i>Nabalus serpentarius</i>	E		
Asteraceae (Asters, Composites)	<u>Upland White Aster</u> 	<i>Oligoneuron album</i>	E		
Asteraceae (Asters, Composites)	<u>Sweet Coltsfoot</u> 	<i>Petasites frigidus</i> var. <i>palmatius</i>	E		
Asteraceae (Asters, Composites)	<u>Sclerolepis</u> 	<i>Sclerolepis uniflora</i>	E		
Asteraceae (Asters, Composites)	<u>Large-leaved Goldenrod</u> 	<i>Solidago macrophylla</i>	T		

Asteraceae (Asters, Composites)	Rand's Goldenrod 	<i>Solidago simplex</i> ssp. <i>randii</i> var. <i>monticola</i>	E		
Asteraceae (Asters, Composites)	Eastern Silvery Aster 	<i>Symphyotrichum concolor</i>	E		
Asteraceae (Asters, Composites)	Crooked-Stem Aster 	<i>Symphyotrichum prenanthoides</i>	SC		
Asteraceae (Asters, Composites)	Tradescant's Aster 	<i>Symphyotrichum tradescantii</i>	T		
Betulaceae (Birches, Alders)	Mountain Alder 	<i>Alnus viridis</i> ssp. <i>crispa</i>	T		
Betulaceae (Birches, Alders)	Swamp Birch 	<i>Betula pumila</i>	E		
Boraginaceae (Borages)	Northern Wild Comfrey 	<i>Cynoglossum virginianum</i> var. <i>boreale</i>	E		
Boraginaceae (Borages)	Oysterleaf 	<i>Mertensia maritima</i>	E		
Brassicaceae (Mustards)	Lyre-Leaved Rock-cress 	<i>Arabidopsis lyrata</i>	E		
Brassicaceae (Mustards)	Smooth Rock-cress 	<i>Boechera laevigata</i>	SC		
Brassicaceae (Mustards)	Green Rock-cress 	<i>Boechera missouriensis</i>	T		
Brassicaceae (Mustards)	Fen Cuckoo Flower 	<i>Cardamine dentata</i>	T		
Brassicaceae (Mustards)	Purple Cress 	<i>Cardamine douglassii</i>	E		
Brassicaceae (Mustards)	Long's Bitter-cress 	<i>Cardamine longii</i>	E		
Cactaceae (Cacti)	Prickly Pear 	<i>Opuntia humifusa</i>	E		
Campanulaceae (Bluebells, Lobelias)	Great Blue Lobelia 	<i>Lobelia siphilitica</i>	E		
Caprifoliaceae (Honeysuckles)	Hairy Honeysuckle 	<i>Lonicera hirsuta</i>	E		
Caprifoliaceae (Honeysuckles)	Snowberry 	<i>Symphoricarpos albus</i> var. <i>albus</i>	E		
Caprifoliaceae (Honeysuckles)	Broad Tinker's-weed 	<i>Triosteum perfoliatum</i>	E		
Caprifoliaceae (Honeysuckles)	Downy Arrow-wood 	<i>Viburnum rafinesquianum</i>	E		
Caryophyllaceae (Pinks, Sandworts)	Nodding Chickweed 	<i>Cerastium nutans</i>	E		
Caryophyllaceae (Pinks, Sandworts)	Michaux's Sandwort 	<i>Minuartia michauxii</i>	T		
Caryophyllaceae (Pinks, Sandworts)	Large-leaved Sandwort 	<i>Moehringia macrophylla</i>	E		
Caryophyllaceae (Pinks, Sandworts)	Silverling 	<i>Paronychia argyrocoma</i>	E		
Celastraceae (Staff Tree Family)	American Bittersweet 	<i>Celastrus scandens</i>	T		
Chenopodiaceae (Saltworts)	Fogg's Goosefoot 	<i>Chenopodium foggii</i>	E		
Chenopodiaceae (Saltworts)	American Sea-blite 	<i>Suaeda calceoliformis</i>	SC		

Cistaceae (Rockroses, Pinweeds)	<u>Bushy Rockrose</u> 	<i>Crocanthemum dumosum</i>	SC		
Cistaceae (Rockroses, Pinweeds)	<u>Beaded Pinweed</u> 	<i>Lechea pulchella</i> var. <i>moniliformis</i>	E		
Clusiaceae (St. John's-worts)	<u>Creeping St. John's-wort</u> 	<i>Hypericum adpressum</i>	T		
Clusiaceae (St. John's-worts)	<u>Giant St. John's-wort</u> 	<i>Hypericum ascyron</i>	E		
Clusiaceae (St. John's-worts)	<u>St. Andrew's Cross</u> 	<i>Hypericum stragulum</i>	E		
Convolvulaceae (Morning Glories)	<u>Low Bindweed</u> 	<i>Calystegia spithamea</i>	E		
Crassulaceae (Sedums)	<u>Pygmyweed</u> 	<i>Crassula aquatica</i>	T		
Cupressaceae (Cedars, Junipers)	<u>Arbovitae</u> 	<i>Thuja occidentalis</i>	E		
Cyperaceae (Sedges)	<u>Foxtail Sedge</u> 	<i>Carex alopecoidea</i>	T

1. Trimorphic freshwater population only.
2. Including triploid and other polyploid forms within the *Ambystoma jeffersonianum*/*Ambystoma laterale* complex.
3. Ditto
4. This species is listed by the U. S. Fish and Wildlife Service as *P. r. bangsi* (Plymouth Redbelly Turtle) in 50 CFR 17.11.
5. Undescribed species near *P. pterisii*
6. True *Z. lunifera*, sensu Schmidt (2010)
7. Includes the two varieties of this species that occur in Massachusetts: s.p. var. *pauciflora* and s.p. var. *caroliniana*.

Definitions

"Endangered" (E) species are native species which are in danger of extinction throughout all or part of their range, or which are in danger of extirpation from Massachusetts, as documented by biological research and inventory.

"Threatened" (T) species are native species which are likely to become endangered in the foreseeable future, or which are declining or rare as determined by biological research and inventory.

"Special concern" (SC) species are native species which have been documented by biological research or inventory to have suffered a decline that could threaten the species if allowed to continue unchecked, or which occur in such small numbers or with such restricted distribution or specialized habitat requirements that they could easily become threatened within Massachusetts.

Any native species listed as endangered or threatened by the U.S. Fish and Wildlife Service is also included on the state list. The rules and regulations and precise definitions relative to the establishment of the Commonwealth's list of endangered, threatened, and special concern species are set forth in 321 CMR 10.00 et seq. [View a key to the Federal Status abbreviations appearing on the list.](#)

1. Introduction - The list in 321 CMR 10.90 contains the names of all species of plants and animals which have been determined to be Endangered, Threatened, or of Special Concern pursuant to M.G.L. c. 131A and 321 CMR 10.03.
2. List Format - The columns entitled "Common Name" and "Scientific Name" define the species listed. In the "Status" columns the following symbols are used: "E" for Endangered, "T" for Threatened, and "SC" for Special Concern. The status defined under the "MA" column denotes the official status of the species in Massachusetts pursuant to M.G.L. c. 131A and 321 CMR 10.00. The status under the "US" column is the status of the species under the federal Endangered Species Act at the time of the latest revision of 321 CMR 10.00 and is given for informational purposes only. Recent changes in the federal list might not be reflected on this list. The U.S. Fish and Wildlife Service should be consulted for official and up to date information on the federal status of any species. Inquiries may be made by writing to U.S. Fish and Wildlife Service, 70 Commercial Street, Suite 300, Concord, NH 03301-5087. The "Taxonomic Family/Taxonomic Group" column of the list is included for the purpose of organization. The "Notes" column directs the reader to footnotes which further define or clarify the status of a species or alternative names of species.
3. Organization of the List - The list is generally organized according to the relationship of the listed species as determined by the science of taxonomy, which groups and categorizes species that are similar on the basis of shared evolutionary descent. The most basic division in the list is between animals and plants. Within animals the list is divided between vertebrates, (animals with backbones) and invertebrates (animals without backbones). Within vertebrates, invertebrates, and plants, the list is further divided into categories which are generally recognized, such as fish, mammals, dragonflies, and violets. All such information has no regulatory effect and is provided only for the purpose of organizing the list.
